

All of Vienna on one card: The Vienna Pass

Free admission to over 60 attractions in Vienna and unlimited free rides on the hop on hop off buses

Since January 2015, you can discover all of Vienna on just one card: The innovative all-inclusive Vienna Pass grants visitors free admission to over 60 major sights and the unlimited use of the hop on hop off buses of Vienna Sightseeing Tours on all routes.

The attractions included in the Vienna Pass are some of the absolute tourist highlights of the Imperial city on the Danube, such as Schönbrunn Palace, the Hofburg Palace, the Giant Ferris Wheel, the Spanish Riding School, Vienna's famous Kunsthistorisches Museum (museum of art history), and many more. But card holders can also discover lesser-known sights like the Collection of Anatomical Pathology in the Madhouse Tower, or explore the history of Esperanto in the Esperanto Museum. A guided walking tour to the most important sights of the city centre is also included in the pass.

But the benefits of the Vienna Pass don't end at the city limits—it includes several fascinating historical and cultural sites around Vienna, such as Imperial Palace Schloss Hof in the Marchfeld region, the palatial hunting lodge built by Prince Eugene, which was later acquired by Empress Maria Theresa and expanded for family visits, or Carnuntum, where the basic types of architecture of a Roman city quarter have been reconstructed at its original site.

Comfort and flexibility with the hop on hop off buses

Visitors can reach the attractions comfortably using the hop on hop off Vienna Sightseeing buses. Vienna Pass holders can switch freely between six different, color-coded routes with a total of 50 stops, allowing them to design their very own sightseeing tour. The Vienna Pass grants unlimited use of the hop on hop off buses during its validity.

During the ride, free audio guides provide interesting information about the city in 16 languages. There are even channels for children with age-appropriate information about the city in German or English. The buses also have free Wi-Fi.

One card. Many benefits.
